

Quarterly News & Updates - September 2021

Our Mission: "To empower women and men considering abortion to choose life for their child and abundant life for themselves in Christ"

From the Desk of the Executive Director:

There are many exciting happenings coming up at the Boston Center for Pregnancy Choices!

Our Gala fundraising dinner will be capped at 100 in person attendees this year and will be mostly virtual as it will be live streamed as well. Please mark your calendars for **October 7th** and plan to join us - either in person or virtually!

We are also in the final negotiations of subletting office space to a **nurse practitioner on site to perform ultrasounds**. This will be a critical component to saving more lives!

We are having a **Worship, Praise and Prayer** event for Life on the Boston Common on **Saturday, October 23rd at 4:00 p.m.**, please plan to join us and circulate widely the event information.

We have received a very generous donation from a supporting family to **launch a men's ministry program** here at the center. With that, we will be able to hire a men's counselor on site and begin to provide many of the services that we currently offer only to women. This program will enable us to minister to the family as a whole.

We also have received donations to enable us to purchase podcast equipment. We have begun planning what topics we will cover and are learning how to operate the equipment. The goal is to launch a monthly **BCPC podcast** this fall to educate the public and provide greater visibility for the Center.

I consider it a privilege to be a part of God's work here at the Center and look forward to the exciting plans that God has for BCPC in the future!
